Thank you FFA!

Bob Bonnes, President of Sun Lakes Unit 19 Homeowners Association

Until we came to FreedomFromAccounting, we had no idea of the power and immediate access to our corporation's accounting records. Their customer service is a breath of fresh air!

Delores Whitlock, Secretary  
Sun Lakes Villas 37 Homeowners Association

Our company was involved in an audit a few years back primarily due to a poor job done by a prior accounting firm. Because we needed help, we came to FreedomFromAccounting and their careful reconstruction of our records saved the day at the audit. We never will go anywhere else.

FreedomFromAccounting's VAD system delivers the most tax-return-ready financial statements we have ever used. The FreedomFromAccounting staff have brought all their years of experience working in a CPA firm to make the pieces fit perfectly. I would encourage every micro-business owner to get VAD and begin to enjoy the benefits of being a FreedomFromAccounting affiliate.

FreedomFromAccounting has provided efficient, high quality, and accurate accounting services to my clients since I was first introduced to them in 2008. It is the ideal way for small to mid-size businesses owners to focus on growing and managing their businesses, while outsourcing accounting and bookkeeping needs at an affordable price.

FreedomFromAccounting has freed me up so I can accomplish the important day to day tasks for my business and lets me do what I do best. I'm Free!!

Larsen Burnett, Owner

When we found FreedomFromAccounting, we were in a desperate situation. We had just discovered that our prior bookkeeper had stolen the payroll taxes that were due to the IRS instead of sending them on. The folks at FreedomFromAccounting immediately set us up with a very safe, easy payroll system that will never let a third party have access to our payroll taxes. We are extremely grateful and continuously refer FFA to anyone who may be in need of a trustworthy, honest, accounting firm.
